HOW ANIMALS FORETOLD AN EARTH-QUAKE.—An Italian writer on the catastrophe on the island of Ischia mentions those prognostics of an earthquake which are derived from animals. They were observed in every place where the shocks were such as to be generally perceptable. Some minutes before they were felt, the oxen and cows began to bellow, the sheep and goats bleated. and, rushing in confusion, one on the other, tried to break the wicker work of the folds: the dogs howled terribly, the geese and fowls were alarmed, and made much noise; the horses which were fastened in their stalls were greatly agitated, leaped up, and tried to break the halters with which they were attached to the mangers; those which were proceeding on the roads suddealy stopped and snorted in a very strange way. The cats were freightened, and tried to conceal themselves, or their hair bristled up wildly. Rabbits and moles were seen to leave their holes; birds rose, as if scared, from the places on which they had alighted; and fish left the bottom of the sea and approached the shores, whereat some places are numbers of them were taken. Even For the innumerable troubles caused by unants and reptiles abandoned, in clear daylight, their subterranean holes in great disorder, many hours before the shocks were Some dogs, a few minutes before the first shock took place, awoke their sleeping masters by barking and pulling them, as if they wished to warn them of the impending danger, and several persons were thus enabled to save themseves.

Disease is an effect, not a cause. Its origin is within; its manifestations without. Hence, to cure the disease the cause must be removed, and in no other way can a cure ever be effected. WAR-NER'S SAFÉ KIDNEY AND LIVER CURE is established on just this principle. It realizes that 95 PER CENT.

of all diseases arise from deranged kidneys and liver, and it strikes at once at the root of the dif-ficulty. The elements of which it is composed act healty Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal.
